

Dear Ohio voter:

This year, Ohioans will elect all our state executives and a United States senator, as well as all our state and federal representatives, and all state senators in odd-numbered districts. We also will elect three supreme court justices – including our Chief Justice, some members of the state board of education, many judges of various appellate, common pleas, and county courts, as well as county officials.

The races on the ballot will have a great impact on the lives of citizens in communities throughout Ohio. Many of today's local leaders will become tomorrow's county, state and federal leaders. Your participation is critically important at every level of the ballot, and decisions you make each and every year have lasting effects for your children, grandchildren and those who will follow us.

This Voter Information Guide has been developed to assist you in participating in Ohio's 2010 elections. The guide contains information on voter registration, early and absentee voting requirements and what to expect at your polling place on Election Day.

Your county elections officials, along with the Secretary of State's office, are working to ensure that every Ohioan who wants to vote and who is eligible to vote may do so easily in a system that is free, fair, open and honest.

Your vote – whether at the polling place or in the comfort of your own home using an absentee ballot – is important. As elections officials, the Secretary of State and county boards of elections are working to maintain your confidence in our state's election process. We work to ensure that every eligible vote is counted so that you, the voter, remain the driving force behind our democratic system of government. Thank you for exercising your citizenship through voting.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Brunner". The signature is fluid and cursive, written in a professional style.

Jennifer Brunner
Ohio Secretary of State

IN 2010, VOTERS THROUGHOUT OHIO WILL ELECT:

- U.S. Senator (1)
- Representatives to the U.S. Congress (all 18 House districts)
- Governor and Lieutenant Governor
- Attorney General
- Auditor of State
- Secretary of State
- Treasurer of State
- State Representatives (all 99 House districts)
- State Senators (all 17 odd-numbered Senate districts)
- County Commissioner
- County Auditor
- Justices of the Ohio Supreme Court (2 to be elected and Chief Justice)
- Court of Appeals Judges (some districts)
- Common Pleas Judges (some counties)
- County Court Judges (some counties)
- Members of County and State Central Committee of Political Parties
- Members of the State Board of Education (5 of 11 districts)
- Persons to serve out unexpired terms in some county and judicial offices

VOTER REGISTRATION

Does everyone who wants to vote in Ohio have to be registered to vote here?

Yes.

What are the qualifications to register and to vote in Ohio?

You are qualified to register to vote in Ohio if you meet all the following requirements:

1. You are a citizen of the United States;
2. You will be at least 18 years old on or before the day of the next general election. (If you will be 18 on or before November 2, you may vote in the primary election for candidates, but you cannot vote on issues until you are 18);
3. You will be a resident of Ohio for at least 30 consecutive days immediately before the election in which you want to vote;
4. You are not incarcerated (in prison or jail) for a felony conviction under the laws of this state, another state or the United States;
5. You have not been declared incompetent for voting purposes by a probate court; and
6. You have not been permanently disenfranchised for violating the election laws.

You are eligible to vote in elections held in your voting precinct 30 consecutive days after you are duly registered to vote in this state; however, you may request an absentee ballot during that period.

Where do I vote?

Where you vote depends on where you are determined by law to have a qualifying voting residence. Your qualifying voting residence is determined by the county board of elections using guidelines established by Ohio law (R.C. 3503.02). You may vote only from the residence that qualifies as your voting residence. Your voting residence is the place in which your habitation is fixed and to which, whenever you are absent, you intend to return. Also, your voting residence is a location you consider to be a permanent, not a temporary, residence. You will not lose your voting residency in Ohio if you leave temporarily and intend to return to Ohio, unless you are absent from the state for four consecutive years. You may contact your local board of elections if you have any questions regarding your specific situation.

(Exception: You will not lose your residency after four years if your absence from Ohio is due to your employment with Ohio or the United States government, including military service, unless you vote in, or permanently move to, another state or country.)

If you do not have a fixed place of habitation, but you are a consistent or regular inhabitant of a shelter or other location to which you intend to return, you may use that shelter or other location as your residence for purposes of registering to vote.

For information on voting rights of U.S. citizens living outside the U.S., see page 13, "Uniformed and Overseas Citizens."

May a college student register and vote from his or her school address in Ohio?

Yes, a college student may vote using his or her Ohio school residence address. However, the student may not also vote an absentee ballot where he or she last lived (e.g., with one or more parent or guardian). When a college student votes from his or her school address, the school residence is considered to be the place to which the student's habitation is fixed and to which, whenever the student is absent, the student intends to return, and is considered by the student to be his or her permanent residence at the time of voting.

How can I register to vote?

You may register to vote in person or by mail. If you have Internet access, you may download a voter registration form from the Secretary of State's Web site: *www.sos.state.oh.us*.

You also may ask a county board of elections or the Secretary of State's office to mail a voter registration application to you. See pages 23 through 28 for a listing of county boards of elections.

You may obtain a voter registration application, and register to vote, in person at any of the following locations:

- The office of the Secretary of State;
- The office of any of the 88 county boards of elections;
- The office of the Registrar or any Deputy Registrar of the Ohio Bureau of Motor Vehicles;
- Public libraries;
- Public high schools or vocational schools;
- County treasurers' offices; or

- Offices of designated agencies, including:
 - ◊ The Department of Job and Family Services;
 - ◊ The Department of Health (including the Women, Infants and Children (WIC) program);
 - ◊ The Department of Mental Health;
 - ◊ The Department of Developmental Disabilities;
 - ◊ The Rehabilitation Services Commission; or
 - ◊ Any state-assisted college or university that provides assistance to disabled students.

When you have completed your voter registration application, please review it carefully for completeness and accuracy. You may either personally deliver, or send by U.S. Mail, your voter registration application to a county board of elections or the Secretary of State's office. You, or another person acting on your behalf, also may deliver your application to one of the offices listed above, but you should ensure your application reaches the office of a board of elections or the Secretary of State within 10 days and no later than the voter registration deadline for the election at which you want to vote.

What is the registration deadline?

Ohio has a 30 day voter registration requirement. However, valid registrations that are received or postmarked by the 29th day before an election will be processed for that election.

Registration by U.S. Mail

If you register to vote using the U.S. Mail, you may send your properly completed and signed registration application to your county board of elections, the Secretary of State's office, any state or local office of a designated agency, a public high school or vocational school, a public library, or the county treasurer's office. Your application must be postmarked by the 29th day before the election to be eligible to vote in that election.

Registration in person

If you do not submit your registration application by U.S. Mail, you must deliver it to a county board of elections, the office of the Secretary of State, a public library, high school or vocational school, county treasurer's office, any Deputy Registrar of the Ohio Bureau of Motor Vehicles office or designated agency no later than the registration deadline for the election in which you want to vote.

You also may entrust your completed registration application to another person for delivery to elections officials. However, that person must deliver your application to a county board of elections or the Secretary of State's

office within 10 days after you completed the application, or by the 29th day before the election, whichever is earlier. If you have been registered to vote in Ohio for 30 consecutive days and maintain the qualifications of an elector, you are entitled to vote at elections conducted in your precinct or to request an absentee ballot.

Do I have to sign my voter registration application?

Yes; Ohio law requires the applicant to sign the voter registration application. "Sign" or "signature" means your written, cursive-style legal mark written in your own handwriting.

However, if you do not use a cursive-style legal mark in your regular business and legal affairs, "sign" or "signature" means another legal mark that you use in your regular business and legal affairs that is written in your own handwriting.

What if I am unable to sign my voter registration form or other election documents?

If you are unable to sign your own name and have no other legal mark, make an "X," if possible, on the application signature line and have the person who witnessed you making that mark write his or her name and address beneath the signature line.

If you are unable to make an "X," you must indicate in some manner to the person assisting you that you want to register to vote. The person registering you must sign the application form and attest that you indicated that you want to register to vote.

May a person who has my "power of attorney" sign my name to my voter registration application?

No. However, if by reason of disability you are unable to physically sign your name or affix your mark to the application, you may appoint an "attorney-in-fact" in accordance with the specific requirements of R.C. 3501.382. Your attorney-in-fact then may sign a voter registration application on your behalf, but only at your direction and in your presence.

What are my obligations to keep the board of elections informed of address or name changes?

If you are already registered to vote but have moved within Ohio and/or changed your name, you must update your voter registration by submitting a new voter registration form or change of address form for your new residence. Ohio's voter registration application also serves as a change of address and

change of name form. A form may be obtained online at www.sos.state.oh.us, at all locations where voter registration forms may be obtained (see page 4), and from the probate court and the court of common pleas of any Ohio county.

You may personally deliver your completed change of name and/or address form to any of these offices: the Secretary of State, a board of elections, a public high school or vocational school, a public library, a county treasurer’s office, any Deputy Registrar of the Ohio Bureau of Motor Vehicles or an office of a designated agency. Designated agencies include:

- The Department of Job and Family Services;
- The Department of Health (including the Women, Infants and Children (WIC) program);
- The Department of Mental Health;
- The Department of Developmental Disabilities;
- The Rehabilitation Services Commission; and
- Any state-assisted college or university that provides assistance to disabled students.

If you return your completed change of name and/or address form by U.S. Mail, you must send it to your county board of elections or the Secretary of State’s office.

If your change of name and/or address form is completed properly, the board of elections will update your registration and send you a notice reflecting your new name and/or address. If your form is incomplete, the board will send you a notice of the information necessary to update your registration. If your valid change of name and/or address form is received or postmarked at least 29 days before an election, you will be eligible to vote a regular (rather than a provisional) ballot at that election. You may vote in person on or before Election Day, or by mail via absentee ballot.

You may also update your registration during the 28 days immediately before, or on the day of, an election, but this may require you to vote a “provisional ballot” as described later in this guide.

Do I declare my political party affiliation when I register?

No. Under Ohio election law, you declare your political party affiliation by requesting the ballot of a political party in a partisan primary election.

If you do not desire to affiliate with a political party in Ohio, you are considered to be an unaffiliated voter. An unaffiliated voter, which is identified by some people as an “independent voter,” does not vote the ballot of a political party in a primary election. However, an unaffiliated voter may vote the Official Questions & Issues Ballot, if there is one for the voter’s precinct at the election.

May I vote if I have been convicted of a crime?

As noted under the “Voter Registration” section of this guide, a person currently serving time in jail or prison for a felony conviction can neither register to vote nor vote. Additionally, a person who has twice been convicted of a violation of Ohio’s elections laws is permanently barred from voting in Ohio. An otherwise qualified person convicted of a misdemeanor may vote, and an otherwise qualified person who had been convicted of a felony may register and vote while on probation or parole, or after completing his or her jail or prison sentence.

What happens after I submit my voter registration application?

If the information contained on your application is found to be complete and truthful, the board of elections for the county in which you reside will accept your voter registration application. The board must register you to vote not later than 20 business days after receiving your application and promptly mail a notice to your voting residence address confirming that you are registered to vote, identifying your voting precinct and the location of your precinct polling place, and stating the identification requirements for voting.

If the board does not accept your registration application, it must immediately mail you a notice stating why your application was rejected and offering you the opportunity to submit a properly completed registration application.

If you do not receive a notice that your registration was accepted or rejected, please contact your county board of elections before Election Day to determine if the board received your application.

Can I check my voter information online?

Yes. You may check your voter information by performing a “Voter Information Search” on the Secretary of State’s Web site: www.sos.state.oh.us. If performing such a search returns the information you registered, your county board of elections has successfully processed your voter registration form. If the search does not return your information, please contact your county board of elections to check on the status of your registration. You may also be able to check your voter information through your county board of elections’ Web site, although not all county boards have the capacity to provide this service.

VOTING PROCEDURES

Before Election Day:

VOTING BY ABSENTEE BALLOT

When does absentee voting begin and end?

Primary and general elections: Absentee voting begins 35 days before the day of a primary or general election. (**Exception:** presidential primary election, for which absentee voting begins 25 days before the day of that election.) Except for voters hospitalized due to emergencies, as further described under the “Absentee Deadlines” section beginning on page 14 of this guide, absentee voting ends the day before the election.

Special elections: Some elections do not involve the nomination or election of candidates. These elections are called special elections. Absentee voting for special elections begins as many days before the day of the election as reasonably possible. You may contact your county board of elections to learn if a special election is being held in your precinct and, if so, when absentee ballots will be available. Except for voters hospitalized due to emergencies, as further described under the “Absentee Deadlines” section beginning on page 14 of this guide, absentee voting for special elections still ends the day before the election.

Once absentee ballots are available for voting, any eligible voter may receive and return an absentee ballot:

- in person at the county board of elections office or,
- if a board of elections has designated another location as its absentee voting site, in person at that designated location, or
- by U.S. Mail.

Who is eligible to vote by absentee ballot?

Any qualified Ohio voter whose registration information is up to date may request and vote an absentee ballot without stating a reason.

What is the application process for obtaining an absentee ballot?

Ohio law provides separate application processes for different classifications of absentee voters (i.e., state militia, armed services, uniformed service members, out-of-country, and regular citizens). In all cases, absentee ballots must be applied for in writing. If you are properly registered to vote, you must submit your written request to the board of elections of the county in which your voting residence is located. Your request must contain certain information as described in the following sections and your original signature.

To avoid potential problems with your application, you are encouraged, but not required, to use an application form prescribed by the Ohio Secretary of State. Application forms are available for download on the Secretary of State's Web site: *www.sos.state.oh.us*.

If you are not on active duty as a member of Ohio's organized militia (including the Ohio Air National Guard, Ohio Army National Guard, Ohio Naval Militia, and Ohio Military Reserve), the U.S. armed services or other uniformed services serving outside of Ohio, or if you are not a U.S. citizen residing outside of the U.S., you are considered a "regular" absentee voter for the purpose of this guide.

REGULAR ABSENTEE VOTERS

If you are a regular absentee voter, you may use the application form prescribed by the Secretary of State (Form 11-A) to apply for your absentee ballot. If you choose not to use the prescribed form, your written application need not be in any particular format, but it must contain all of the following information:

1. Your name;
2. Your legal signature;
3. The address at which you are registered to vote;
4. Your birthdate;
5. One of the following items showing proof of your identification:
 - (a) Your Ohio driver's license number; or
 - (b) The last four digits of your Social Security number; or
 - (c) A copy of your current and valid photo identification, military identification, or a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document that shows your name and current address (including from a public college or university).

(Note: You cannot use a voter registration acknowledgement notice that the board of elections mailed to you as proof of identification.);
6. A statement identifying the election for which you are requesting an absentee voter's ballot;
7. A statement that you are a qualified elector;
8. If the request is for a partisan primary election ballot, your political party affiliation; and
9. If you want the ballot to be mailed, the address to which you want it mailed.

For information regarding application deadlines, please see "Absentee Deadlines" at the end of this section.

ACTIVE DUTY MEMBERS OF OHIO'S ORGANIZED MILITIA

(Ohio Air National Guard, Ohio Army National Guard, Ohio Naval Militia and Ohio Military Reserve, collectively)

If you are on active duty with Ohio's organized militia, your written application must contain all the information required of a regular absentee voter and either the address to which the ballot is to be mailed or the fax number to which it is to be faxed. If you are planning to request that the ballot be mailed to you, you may use the application form prescribed by the Secretary of State (Form 11-A) to apply for your absentee ballot.

Alternatively, an absentee application may be submitted on your behalf by one of the following relatives: your spouse, father, mother, father-in-law, mother-in-law, grandfather, grandmother, brother or sister of the whole blood or half blood, son, daughter, adopting parent, adopted child, stepparent, stepchild, uncle, aunt, nephew, or niece. Your relative must use the application prescribed by the Secretary of State (Form 11-C), available from the board of elections or the Secretary of State's office or Web site: www.sos.state.oh.us. This application, which must be signed and sworn to by your relative ("the applicant"), must contain all the following information:

1. Your full name;
2. A statement that you are a qualified elector in the county;
3. The address at which you are registered to vote;
4. Your birthdate;
5. One of the following items showing proof of your identification:
 - (a) Your Ohio driver's license number; or
 - (b) The last four digits of your Social Security number; or
 - (c) A copy of your current and valid photo identification, military identification, or a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document that shows your name and current address (including from a public college or university).

(Note: You cannot use as proof of identification a voter registration acknowledgement notice that the board of elections mailed to you.);
6. A statement identifying the election for which the absentee ballot is requested;
7. A statement that you are a member of the organized militia serving on active duty outside your Ohio county of residence;
8. If the request is for a partisan primary election ballot, your political party affiliation;
9. A statement specifying the applicant's relationship to you;
10. The address to which the ballot is to be mailed or fax number to which it is to be faxed;

11. The signature and address of the person making the application; and
12. The applicant's notarized statement attesting to the validity of the application.

For information regarding application deadlines, please see "Absentee Deadlines" at the end of this section.

ACTIVE DUTY MEMBERS OF THE ARMED SERVICES

If you are serving on active duty in the U.S. armed forces outside Ohio and meet the requirements for voting in Ohio, you may vote an armed services absentee ballot. Your spouse and dependents may vote an armed services absentee ballot only if they left Ohio to be with or near you.

What is the voting residence of a service member?

The voting residence of a service member is the place in Ohio where the service member resided immediately preceding the commencement of his or her service, unless he or she later established a voting residence elsewhere in Ohio.

Must armed services absentee voters be registered to vote?

Yes.

How do I apply for an armed services absentee ballot?

Qualified electors who are members of the armed services have multiple options available when applying for absentee ballots:

1. If you are not currently a registered Ohio voter, you may use the current Federal Post Card Application (FPCA), available online at www.fvap.gov, both to register to vote and to request absentee ballots.
2. If you already are a registered Ohio voter, you may request an absentee ballot using a form prescribed by the Ohio Secretary of State (Form 11-A, if you will be in Ohio during the absentee period; otherwise, Form 11-D or an FPCA).
3. If you already are registered to vote, you may designate a relative to request an absentee ballot on your behalf. Your relative must use the form prescribed by the Ohio Secretary of State (Form 11-E).

For information regarding application deadlines, please see "Absentee Deadlines" at the end of this section.

UNIFORMED AND OVERSEAS CITIZENS

The voting rights of U.S. citizens living outside the U.S. and members of the uniformed services stationed outside Ohio are governed by federal law (The Uniformed and Overseas Citizens Absentee Voting Act - "UOCAVA"), as well as state law.

Overseas Citizens: Generally, if you are a citizen residing outside the U.S., you are eligible to vote in federal elections in the state in which you resided immediately before leaving the U.S. if you were, or could have, registered to vote in that state while residing there, or currently are eligible under state law to vote in that state.

(**Note:** Federal law does not require any state to extend voting eligibility to a person who has never resided in that state on the basis that one or both of the person's parents are, or were, residents in that state.)

If you are eligible, you may vote a federal ballot (candidates for U.S. president, vice president, U.S. Senate and member of the U.S. House of Representatives) from the Ohio precinct in which you resided immediately before leaving the U.S. to live in a foreign country, even though you may no longer have ties to, and may not intend to return to, Ohio.

(**Note:** You must register to vote and/or request an absentee ballot using the current Federal Post Card Application (FPCA) postcard or the online version. The online FPCA can be downloaded from www.fvap.gov.)

You may also be eligible to vote a regular Ohio ballot if you maintain a qualifying voting address in Ohio and have lived outside Ohio less than four consecutive years.

Uniformed Services Personnel: If you are a member of the uniformed services (armed forces, Merchant Marine, and the commissioned corps of the Public Health Service and the National Oceanic and Atmospheric Administration), you are eligible to vote a regular ballot from the voting address in Ohio at which you resided for 30 days immediately before leaving Ohio to commence active duty service.

For information regarding application deadlines, please see "Absentee Deadlines" at the end of this section.

For additional information on voting by overseas citizens and uniformed services personnel, please contact the Secretary of State's Elections Division or the board of elections in the Ohio county in which you previously resided. You may also visit the Federal Voting Assistance Program's Web site: www.fvap.gov, or the Overseas Vote Foundation's Web site: ohio.overseasvotefoundation.org.

Absentee Deadlines

To receive your absentee ballot:

1. **In person:** After absentee ballots are available for voting, you may go to your county board of elections office or, if the board has designated another location in the county at which registered electors may vote, at that other location instead of the board of elections office, during regular business hours, but no later than the day before the election, and request, receive and vote your ballot at the board office or other designated location.
2. **By mail:** Beginning January 1, 2010, or 90 days before the date of an election, you may mail your properly completed absentee ballot application bearing your original signature to the board of elections of the county in which your voting residence is located. The board must receive your request by noon on the Saturday before the election. However, you should submit your request as far in advance of the election as possible to ensure there is sufficient time for the board to mail you a ballot and for you to timely return that ballot.
3. **By fax:** If you are a member of the U.S. armed forces or an organized state militia, you may fax your absentee ballot request to the board of elections of the county in which your voting residence is located. The board must receive your request by noon on the Saturday before the election. You may request that the board fax your ballot to you, but you must return your marked ballot by mail.
4. **If you or your minor child is in the hospital on Election Day:** Regardless of where you or your minor child is hospitalized, you must submit a properly completed and signed request to the board of elections of the county in which your voting residence is located by 3 p.m. on Election Day. To be eligible under this provision, you or your minor child must be confined in a hospital because of an unforeseeable medical emergency. Your application must specify where, why and when you or your minor child came to be hospitalized. If you or your minor child is hospitalized in the same county where you are registered to vote, two representatives of the board of elections can deliver the ballot to you, wait while you mark the ballot and return your voted ballot to the board office. Additionally, you may include in your absentee ballot application a request that your county board of elections give your unmarked ballot to a designated relative – your spouse, father, mother, father-in-law, mother-in-law, grandfather, grandmother, brother, sister, son, daughter, adopted parent, adopted child, stepparent, stepchild, uncle, aunt, nephew or niece – who shall deliver the ballot to you in the hospital and return your voted ballot to the board office.

For your absentee ballot to be counted, it must be received as follows:

1. If you are a voter in the United States, your ballot may be returned:

By U.S. Mail: the return envelope containing your marked ballot must be postmarked no later than the day before the election and received by the board of elections no later than 10 days after a special, primary or general election. (**Note:** Ohio’s election law states that “postmarked” does not include a date marked by a postage evidence system, such as a postage meter. Therefore, the return envelope must bear a valid postage cancellation stamp affixed by the U.S. Postal Service.)

In person, either by you or an eligible family member: your marked ballot, which must be sealed in the completed and signed identification envelope provided with the ballot, must be delivered to the board of elections office no later than the close of polls on Election Day.

2. If you are a voter outside the U.S. on Election Day, your ballot envelope must be signed and postmarked by the close of polls on Election Day and received by your county board of elections not later than the 10 days after a special, primary or general election, or 20 days after a presidential primary election.

On or Before Election Day:

VOTING BY PROVISIONAL BALLOT (R.C. 3505.181)

What is a provisional ballot?

A provisional ballot is used to record a vote if a voter’s eligibility is in question and the voter would otherwise not be permitted to vote at his or her polling place. The content of a provisional ballot is no different from a regular ballot, but it is cast “provisionally” until election officials can verify the voter’s eligibility to vote in the particular precinct at that election.

There are several scenarios in which a voter may cast a provisional ballot. A provisional ballot may be used on Election Day if a voter’s eligibility is in question, or before (or on) Election Day if a voter has recently changed his or her address or name, and did not update his or her voter registration.

What Election Day scenarios would require me to cast a provisional ballot?

Any of the following scenarios would require you to cast a provisional ballot on Election Day:

- Your name does not appear on the official poll list for an election, or an election official asserts that you are not eligible to vote or is unable to determine your eligibility;
- You are unable or decline to provide the required proof of identity, which includes a current and valid photo identification, military identification; or a copy of a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document that shows your name and current address (including from a public college or university).
(Note: You cannot use as proof of identification a voter registration acknowledgement notice that the board of elections mailed to you.);
- Your name appears on the poll list or signature book as having requested an absentee ballot;
- Your name is marked on the poll list or signature book with a notation that registration mailings have been returned as undeliverable;
- A hearing on a challenge to your eligibility as an elector has been postponed until after Election Day;
- Your signature, in the opinion of the precinct officers, does not match the signature on your registration form; or
- Your eligibility to cast a ballot has been challenged by the precinct officers.

After I cast a provisional ballot, do I have to do anything to make sure my vote is counted?

Before your provisional ballot can be included in the official count of an election, the board of elections must confirm your eligibility to cast the ballot, as well as the validity of the ballot that you cast.

If you cast your provisional ballot and provided acceptable proof of identity, you typically do not need to provide any additional information to the board of elections.

If you cast a provisional ballot and did not provide acceptable proof of identity at the time of voting, you must appear in person at the board of elections to provide such proof within the 10 days immediately following Election Day, in accordance with Ohio law. The following guidelines apply:

1. If you cast a provisional ballot because you had – but could not provide to election officials at the time you voted – acceptable proof of your identity or the last four digits of your Social Security number, you must provide to the board of elections one of the following:
 - Acceptable proof of your identity in the form of a current and valid photo identification;
 - A military identification;
 - A copy of a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document (but not a voter registration acknowledgement notification mailed by a board of elections) that shows your name and current address (including from a public college or university); or
 - The last four digits of your Social Security number.

2. If you cast a provisional ballot because, at the time you voted, you had – but declined to provide – an acceptable form of identification or the last four digits of your Social Security number, and you declined to execute the written affirmation statement swearing to your identity under penalty of election falsification, you must provide to the board of elections one of the following:
 - Acceptable proof of your identity in the form of a current and valid photo identification;
 - A military identification;
 - A copy of a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document (but not a voter registration acknowledgement notification mailed by a board of elections) that shows your name and current address (including from a public college or university); or
 - The last four digits of your Social Security number.

3. If you cast a provisional ballot because, at the time you voted, you did not have any acceptable form of identification or a Social Security number, and you declined to execute the written affirmation statement swearing to your identity under penalty of election falsification, you must provide to the board of elections one of the following:
 - Acceptable proof of your identity in the form of current and valid photo identification;
 - A military identification;
 - A copy of a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document (but not a voter registration acknowledgement notification mailed by a board of elections) that

- shows your name and current address (including from a public college or university); or
 - The last four digits of your Social Security number; or
 - A signed affirmation statement (provided by the board of elections) stating that you do not have any of the above items.
4. If you cast a provisional ballot because your right to vote was challenged at the polling place under R.C. 3505.20, and the election officials either determined that you were ineligible to vote or were unable to determine your eligibility, you must provide any identification or other documentation required to resolve the challenge.

If I have recently moved but did not update my voter registration, can I vote a provisional ballot?

Yes. If you are an Ohio voter who moved from one Ohio precinct to another Ohio precinct and did not submit your change of address to election officials by the 29th day before the election, you still may vote in that election by taking the following steps:

1. If you move from one precinct to another in the same Ohio county, you may report the change and vote using one of the following procedures:
 - (a) During the 28 days immediately before the election, go to your county board of elections office or designated site, submit a proper change of address and provisional affirmation statement and vote a provisional ballot for your new voting address; or
 - (b) On Election Day, go to one of the following three places: the polling place in the precinct in which your new voting address is located, the board of elections office, or a site designated by that board of elections; submit a proper change of address and provisional affirmation statement and vote a provisional ballot for your new voting address.
2. If you move from the Ohio county in which you are registered to vote to another Ohio county, you may report the change and vote using one of the following procedures:
 - (a) During the 28 days immediately before the election, go to the board of elections office of the county in which you now reside, submit a proper change of address and provisional affirmation statement and vote a provisional ballot for your new voting address; or
 - (b) On Election Day, go to one of the following two places: the board of elections office in the county in which you now reside or a site designated

by that board of elections; submit a proper change of address and provisional affirmation statement and vote a provisional ballot for your new voting address.

If I have recently changed my name but did not update my voter registration, can I vote a provisional ballot?

Yes. If you changed your name and did not submit your change of name to election officials by the 29th day before the election, you may report the change and vote on Election Day by appearing at one of the following places to submit a proper change of name and provisional affirmation statement and vote a provisional ballot:

- (a) Your polling place for your precinct or
- (b) A site designated by that board of elections;

On Election Day:

VOTING AT THE PRECINCT POLLING PLACE

Where do I vote on Election Day?

On Election Day, you cast your ballot at your precinct’s designated polling place between the hours of 6:30 a.m. and 7:30 p.m. If you do not know where your precinct polling place is located, please contact your county board of elections. If you have access to the Internet, you may also visit the Secretary of State’s Web site, www.sos.state.oh.us, for the location of your polling place.

How do I cast my ballot?

Instructions for casting your ballot are posted in each polling place. If you have any questions about how to mark or cast your ballot, or if you have incorrectly marked a ballot, immediately contact a precinct election official for instructions before you continue.

May I receive assistance in voting?

A voter with a physical or mental disability, or a voter who is unable to read or write, may be assisted by anyone of the voter’s choice, except a candidate whose candidacy is being voted on in that precinct, the voter’s employer or the employer’s agent, or an officer or agent of the voter’s union. A voter may also be assisted by two poll workers (each of a different political party). No one who assists a voter may disclose any information about how that person voted.

In a primary election, how do I establish which political party’s ballot I am entitled to vote?

You may vote the primary ballot of the political party with which you currently wish to be affiliated. If you wish to vote a party’s ballot different from what you voted in 2008 or 2009, you must complete a statement at your polling place confirming the change in your political party affiliation.

May I vote on ballot issues at a primary election without declaring my party affiliation?

Yes. You may vote on the issues and questions, if any, to be voted on in your precinct by requesting an “issues-only” ballot.

Will I need an ID to Vote?

Yes. All voters must bring acceptable identification to the polls in order to verify their identity. Acceptable identification includes a current and valid photo identification; military identification; or a copy of a current (within the last 12 months) utility bill (including cell phone bill), bank statement, government check, paycheck, or other government document, other than a voter registration acknowledgement notification mailed by the board of elections, that shows the voter’s name and current address (including from a public college or university). Voters who do not provide one of these documents at the polling place will still be able to vote a provisional ballot as described earlier in this guide, and may provide such identification to the board of elections within the 10 days following Election Day. Voters who do not have any of the above forms of identification, including a Social Security number, will still be able to vote by signing an affirmation statement swearing to the voter’s identity under penalty of election falsification and by casting a provisional ballot. (See Voting by Provisional Ballot on page 15 for more information.)

TTY ASSISTANCE

The Secretary of State’s office maintains a telephone line to provide information on registration and voting for hearing-impaired citizens: (614) 728-3295 or (877) 889-6446.

VOTING RIGHTS INSTITUTE (VRI)

The Ohio Secretary of State's office seeks to promote civic participation and a stronger democracy by ensuring every Ohioan's right to vote in an election system that is free, fair, open and honest.

The Secretary of State's Voting Rights Institute will:

- Work with communities, partner with organizations, and implement programs that will ensure a safe, reliable, and trustworthy process that fosters and enhances access to voting in Ohio by all of its eligible citizens;
- Act as a clearinghouse to address voter concerns; and
- Provide leadership on legislative and policy initiatives to accomplish this mission.

If you have a voting issue, concern or experience you would like to share, please visit the Secretary of State's Web site at: www.sos.state.oh.us, and complete the "Share Your Voting Experience" survey.

For more information on the VRI, our advisory council, upcoming events, or to receive the quarterly newsletter, please contact:

Make a difference!
Serve your community, Ohio and your country!
On Election Day - be a Poll Worker!

To sign up to be a poll worker, please complete the form below and send it to your county board of elections office (see pages 23-28 for county boards of elections' contact information).

Name: _____
Address: _____
City, State, Zip: _____
County: _____
Phone Number: _____
Party Affiliation: _____

Please mail this form directly to your county board of elections office. For more information, please contact an election official in your county.

Quick Facts about Poll Workers:

1. Poll workers are always needed;
2. Serving your county on Election Day is an important contribution to democracy;
3. You can earn extra money by working the polls;
4. Work hours are approximately 6:00 a.m. – 8:00 p.m.;
5. To be a poll worker, you must be at least 17 years of age and a registered voter; and
6. You will need to attend a paid training session(s) to work at the polls.
7. To review the duties of a poll worker, on-line poll worker training is available on the SOS Web site at www.ohioelectionstraining.sos.state.oh.us.
